

PRD High-X Range – Pressure Relief Vents

Certification of Compliance

UK, US and Europe Patent

The unique design of the High-X PRD range is patented around the world. The UK Patent number is 0504616.4

Fire Rating Certification

The HIGH-X Range of PRD vents are manufactured to BS476 Pt 20 and are third party tested to this standard. The testing provides the range of units with a 2 hour fire rating.

Test Report No IF03039 Chiltern Laboratories

Free Vent Area Certification

The PRD's have been fully tested in our test rig using both Air Flow and Pressure to confirm the free vent areas stated on the Free Vent Area Data Sheet.

The unique testing of performance provides our clients with peace of mind that if required the High-X Range of PRD's will perform as required.
